ABOUT

The California Community Colleges Registry is a large scale database containing the names, qualifications and desired position(s) of potential California Community College faculty, support staff and management job applicants. The database is utilized by the 72 Human Resources offices, representing the 112 California Community Colleges. This web site provides a number of services for individuals seeking employment as a faculty, support staff or manager at a California Community College.

The California Community Colleges is the largest higher education system in the nation. It is comprised of 72 districts, 112 colleges and enrolls more than 2.9 million students. Community colleges provide basic skills education, workforce training and courses that prepare students for transfer to four-year universities. The colleges also offer opportunities for personal enrichment and lifelong learning.

CCC Registry and the Job Fair

Dear Job Seeker:

Thank you for attending the California Community Colleges Registry Job Fair. This year the CCC Registry is hosting two job fairs, one in Los Angeles (January 22) and one in San Francisco (January 29). Whether you are attending in Los Angeles, San Francisco or both, please take advantage of this opportunity to network with college district officials and to obtain as much information as you can.

Unfortunately, due to the continued budget cuts that have plagued the community college system in the past year, only a limited number of districts are actively recruiting. Some districts have openings but many other districts (not in attendance) have positions that are still pending approval and will not be announced until after January.

It is best advised that you take an active role in your search for a position. I would encourage you to continue to use the CCC Registry website (www.cccregistry.org) to search for positions of interest in your field even after you have attended the job fair.

For information about Minimum Qualifications, please go to: <http://aptrkr.com/174640>

Good luck in your employment endeavors.

Sincerely,

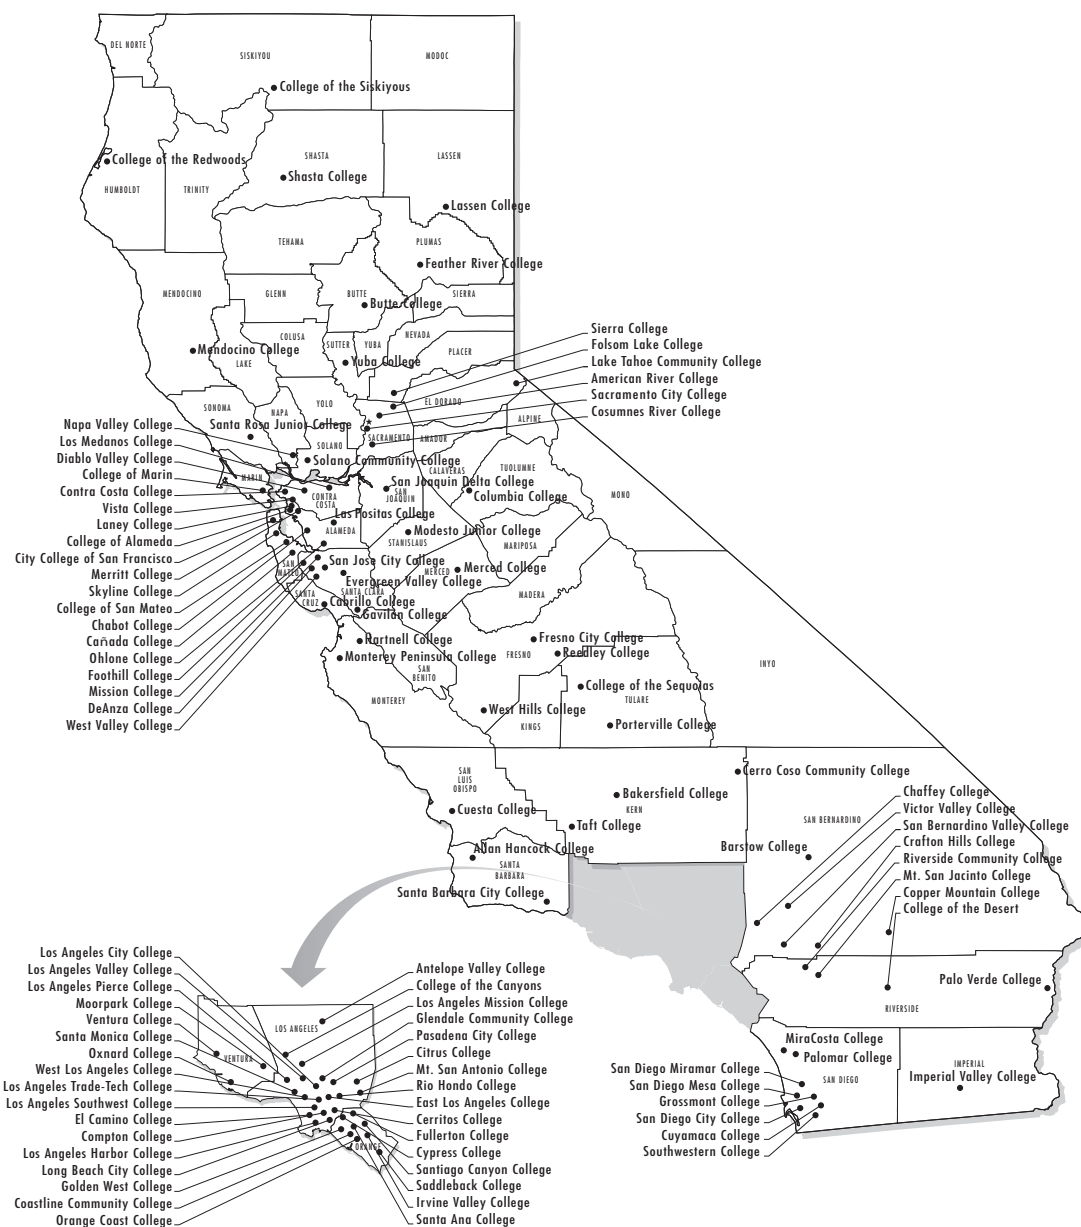

Beth Au
Director, California Community Colleges Registry
(800)245-4157

Portland Community College is part of a vibrant, urban community and is a crossroads for people with many destinations. Our unique role is to make high-quality education accessible to everyone, creating opportunities for our students and contributing to the economic development of our community. PCC offers very competitive salaries and a comprehensive benefits package designed to provide employees and their families/domestic partners with a broad range of employer paid benefit options.

Visit our website for current employment opportunities: <http://jobs.pcc.edu>

As an Affirmative Action, Equal Employment Opportunity institution, PCC actively seeks qualified minorities, women, and individuals with disabilities to enhance its work force and to reflect the diversity of its student body. PCC is honored to be the 2007 recipient of the National Equity Award from the Association of Community College Trustees.

California Community College Credential

The California Community College Credential is no longer being issued. The last time it was issued was in July 1990. Since 1990, the minimum qualifications have been established in order to eliminate the need for a California Community College Credential and to standardize the qualifications necessary to teach at a community college.

If you were granted a California Community College Credential in a specific area to teach but need a copy, please contact, Diana Stumbaugh at the California Community Colleges Chancellor's Office for assistance. Her email is DSTUMBAU@CCCCO.EDU

Please provide the following information:

1. Full Name (First, Middle, Last-as shown on credential)
2. Issue Date of Credential
3. Subject Area of Credential
4. Date of Birth
5. Current Address
6. Current Telephone Number(s)
7. Signature

NOTE: Social Security Account Numbers are NOT needed.

The Chancellor's Office maintains archives regarding issuance of community college credentials. The service is for those whose credential is lost, damaged, or stolen. Requests can only be accepted by the holder of the credential. No third party requests will be honored. The holder must provide information listed above to initiate a search of the records and provide a "letter of verification" if there is sufficient information on file. The records are not automated and are archived offsite. Verification can take up to 8 weeks to process.

- South Orange County CCD at Saddleback
- State Center CCD at Fresno City

MiraCosta Community College is located in north San Diego County, approximately 35 miles north of San Diego and 90 miles south of Los Angeles. It serves approximately 20,000 credit and noncredit students. The district is comprised of locations in Oceanside and Cardiff-by-the-Sea.

In addition to MiraCosta's beautiful coastal location and moderate temperatures, the college boasts many unique features including: high transfer rate to UC schools; students who transfer to CSU have a higher grade point average and continuation rate than the statewide average; more than 1,500 students volunteer annually in schools and nonprofit agencies through a nationally recognized Service Learning Program; and our Small Business Development Center assists local businesspeople, resulting in the creation of new businesses and jobs.

Job postings with full details on the following full time tenure-track faculty openings can be found at jobs.miracosta.edu: Art History Instructor, Child Development Center Director/Instructor, English Instructor (Adult High School Diploma Program) and Mathematics (2 positions).
